

SCHOOL ADMISSION

No person is charged tuition for admission or enrollment in the Alleghany County public schools, whether on a full-time or part-time basis, who is eligible for admission under Policies JEC School Admission or JECA Admission of Homeless Children. School officials do not inquire into the student's citizenship or B, C or D visa status in determining eligibility for tuition-free enrollment in the Alleghany County public schools.

However, the school division may admit and charge tuition to a student who:

- A. Is a resident of the school division but not of school age;
- B. Is of school age and not a resident of Virginia but is temporarily living with a non-parent who resides within the school division;
- C. Is of school age and resides beyond the boundaries of Virginia but near thereto in a state or the District of Columbia which grants equal attendance privileges to residents of the Commonwealth;
- D. Is of school age and resides on a military or naval reservation located wholly or partly within the geographical boundaries of the school division, is not a domiciled resident of the Commonwealth of Virginia, and is a student for whom federal funds provided under Public Law 874 of 1950, commonly known as Impact Aid, fund less than 50 percent of the total per capita cost of education in Alleghany County Public Schools exclusive of capital outlay and debt service; such students shall be eligible for interscholastic programs immediately upon enrollment, provided that such persons (i) satisfy all other requirements for eligibility and (ii) are dependents of a military service member required by the military to live on the military installation as evidenced by a statement on command letterhead signed by, or by direction of, the service member's commanding officer;
- E. Is of school age and attending a school in the division pursuant to a foreign student exchange program approved by the School Board;
- F. Is a resident of the Commonwealth but not of the school division, except as provided in Policy JEC School Admission;
- G. Is of school age and was enrolled in a public school within the division as a domiciled resident of the Commonwealth, and has been required as a result of military or federal orders issued to their parents to relocate and reside on federal property in another state or the District of Columbia, where such state or the District of Columbia is contiguous to the school division; or
- H. Is of school age and residing within the school division, and is enrolled in summer programs other than remediation required under Va. Code § 22.1-253:13.1, or is enrolled in local initiatives or programs not required by the Standards of Quality or the Standards of Accreditation.

Eligibility for consideration does not signify acceptance of the admission application of a student. Each application for admission will be considered on an individual basis. The residency of persons in the above categories who reside in housing or temporary shelter, or on property located in multiple jurisdictions, shall be determined in the manner set forth in Policy JEC School Admission or JECA Admission of Homeless Children.

Foreign students in an F-1 immigration status or who obtain F-1 student visas are not admitted in the division's elementary schools or publicly funded adult education programs. Such students may be admitted, for a period up to twelve months, in the division's secondary schools only if they pre-pay the full, unsubsidized per capita cost of the education.

Procedure for Admission

The following procedure is followed for application and review of applications for admission of students who are not eligible for tuition-free enrollment.

1. A parent or guardian of a student shall apply for admission on behalf of the student by completing the division application. The application form contains information and agreements including, but not limited to:
 - a. the current legal residence of the child and the school division in which the child is currently enrolled, if any;
 - b. the child's unique student identification number, if any;
 - c. the basis for requesting admission;
 - d. the specific building and grade level (elementary) or course offerings (secondary) in which the student desires to be enrolled if accepted by the division; and,
 - e. the agreement that the student is subject to all policies, regulations and guidelines of the school division, including the Code of Student Conduct.
2. The principal shall review each application and forward a recommendation for approval or denial of admission to the superintendent/designee.
3. The superintendent/designee will determine if the student qualifies for admission.
4. Upon determining that a student may be eligible for admission, the superintendent/designee is further required to consider the following prioritized criteria for admission:
 - a. Capacity (Adding the student to the class will not violate class size requirements that results in the need to hire additional personnel nor will the addition of the student compromise the quality of the learning environment.)
 - b. Employee's child (A parent of the student is an employee in the school division.)
 - c. Prior enrollment in the school (The student was enrolled in the school the previous year.)
 - d. Older siblings in the school (The student is entering the division for the first time and has an older brother or sister who is already attending the school.)
 - e. NON RESIDENTS ONLY: Historical Records (The student has an acceptable history of academic achievement, attendance, and/or

behavior.)

- f. NON RESIDENTS ONLY: Special Needs Status (Adding a student with special needs will not violate case load requirements that results in the need to hire additional personnel nor will the addition of the student compromise the quality of the learning environment.)
 - g. If all else is equal, the decision to approve the non-resident/non-district request for admission will be based on the time and date the application for admission is received.
5. If the superintendent/designee denies the parent's application for admission, the decision is final.

Tuition Rate

The tuition rate is set by the superintendent for each academic year.

Transportation

Transportation is not furnished to nonresident students except in those cases where:

- agreements between divisions specify transportation services;
- federal or state legislation mandates the provision of transportation services; or
- transportation services can be provided at no cost to the division.
